Jennie Wolff
Website Feedback

BIG PICTURE

- Fewer bells and whistles (luxury doesn't flash)
- More measured / restrained sizing (confidence doesn't shout)
- Streamlined text (quality doesn't over-sell)

HOME

I.

Elevate:

- Logo: clean JW (remove other words)
- Hero image: Aligned shoot, in nature, at your sister's home
- Title: Visionary Consulting
- Headline: Experience clarity. Align strategy.
- Subtext: Build and *become* your vision.

Strike:

- Link: Start with a conversation (AI speak, low-ticket coaching feel)
- Scrolling ticker of buzz words (sample sale / transactional feel / distracting)
- Scrolling ticker of your name / logo (eliminate everywhere)

II.

Elevate:

- Title: The process.
- Image (beside text): A portrait of you
- Text: Clients arrive with a big idea, a growing business, a meaningful transition. Together, we slow down, create space, and tune into deep insight. From there, we move into action. I offer two decades of experience as a brand and marketing leader, enhanced by ICM-certified coaching. This combination ensures external *and* internal growth for lasting solutions. (not a quote, simply authority text)
- Link: Meet Jennie (about page)

III.

Strike:

- "This is me" photo, story, and link.

Replace:

- Title: The impact.
- Text: Three testimonial previews (1-2 lines max), one for individual, one for teams, one for an experience. (These should pull the heart of full testimonials on the new testimonials page.)
- Link: Testimonials (testimonials page)

IV.

Elevate:

- Title: The container.
- Text: Choose what serves your vision: individuals | teams | experiences.
- Link: Services (services page)

Strike:

- Elaborate descriptions of services.

ABOUT

Sustain:

- Hero image
- Hero headline
- Bio portrait

Strike:

- Glinda quote (replace with a concluding, key takeaway line from your philosophy)
- North Stars
- Secondary, small portrait (save for contact page)
- The Process section (weave into bio)

Elevate:

- Bio:
    - Start with brief story to set up your process and mission
    - Incorporate compelling Q+A and any other heart-centered information

TESTIMONIALS

Elevate:

- This is a critical addition. Feature your dream clients, with photos. High ticket clients are looking for social proof.

SERVICES

Strike:

- Nearly everything but the essence. This page should be a peaceful place to land and decide to take the next step, recognizing three clear ways to work together. That's all.

CONTACT

Strike:

- What happens next (a sophisticated clientele doesn't need a play by play).

Elevate:

- Think of this as an elegant invitation. Straighten the photo without any caption. Streamline to intake form and direct contact / connect information.
